

### See nothing, hear everything

This speaker is designed for wall-mounted left, center and right speaker positions in a discreet home cinema system, and can be mounted beside, above or below the screen, ensuring crystal-clear dialogue and dramatic special effects.

Thanks to Bowers & Wilkins unique QuickDogs™ fixing method, installation is simple, requiring no tools. And in common with other recent CI products, it features an ultra-narrow bezel and magnetically attached metal grille, both of which can be customised to complement décor.

### Technical Specifications

<b>Description</b>	2½-way in-wall system
<b>Drive Units</b>	1x Ø25mm (1 in) Nautilus™ tube loaded aluminium dome tweeter 2x Ø100mm (4 in) blue Kevlar® cone bass/midrange 2x Ø100mm (4 in) paper cone bass
<b>Frequency range (-6dB)</b>	45Hz – 50kHz
<b>Recommended Amplifier Power</b>	25W – 150W
<b>Sensitivity</b>	88dB (2.83V, 1m)
<b>Nominal Impedance</b>	8Ω (4.5Ω minimum)
