

Ahead of the Curve®

Boxy goodness.

TW3 ProWedge™

Everybody wants lots of bass that takes up little space, but making this happen always presents a technical challenge, one that JL Audio has been happily responding to for many years.

These TW3 ProWedge™ systems are our latest entry into the compact subwoofer challenge, incorporating our ultra-thin, patented-technology, U.S.-built TW3 subwoofer drivers in quality, MDF-constructed, sealed enclosures. The outstanding excursion capability and small-box prowess of the TW3's gives these small subwoofer systems a huge performance edge.

Two single driver models feature a design that allows unobtrusive placement in a wide range of vehicles. The dual subwoofer driver models

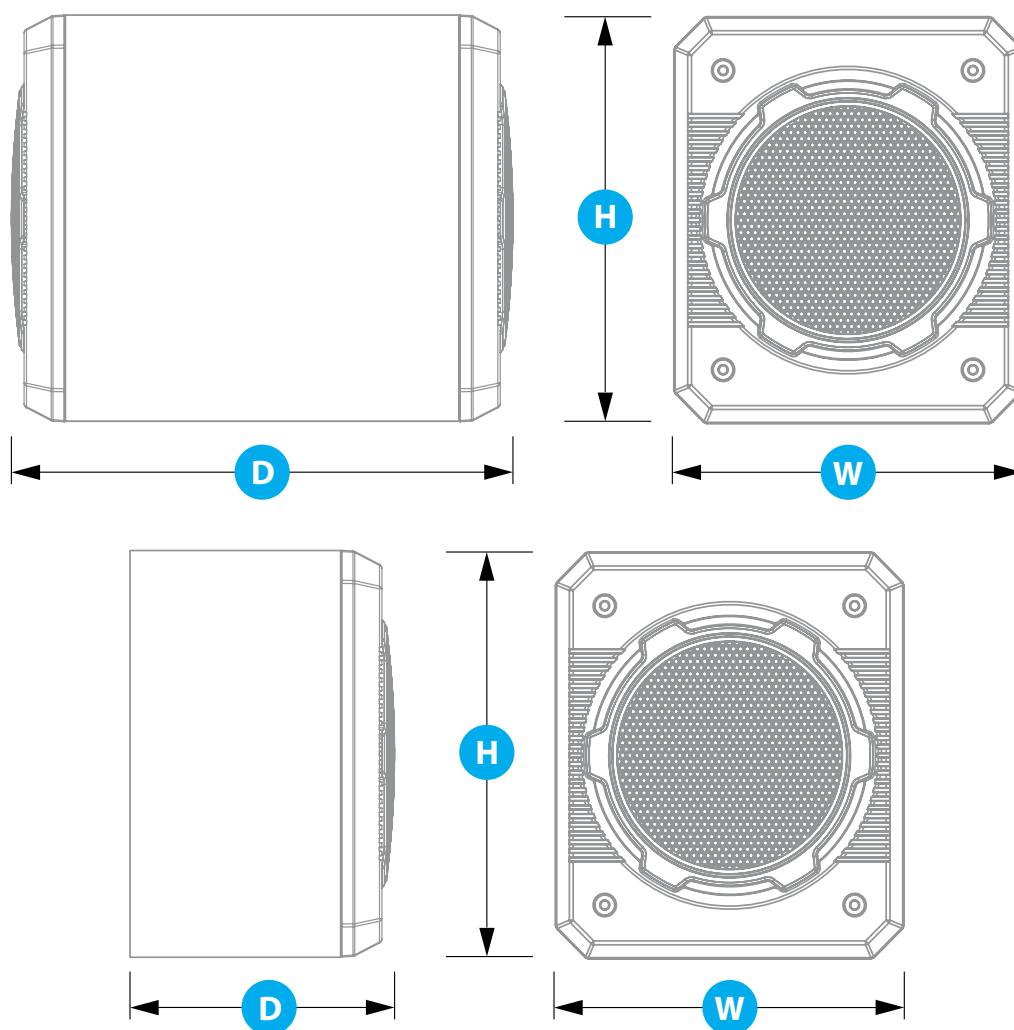

feature individual driver chambers and an opposed driver configuration that effectively cancels vibration and movement of the enclosure.

All TW3 ProWedge™ products are built in our Miramar, Florida factory from CNC-cut MDF and are finished in high-grade automotive carpet. Super-tough polymer grilles are installed, providing outstanding protection from loose cargo, and a very clean appearance. The dual woofer models add an attractive, embroidered "JL Audio - Built in USA" logo.

The compact size, superb sound quality and tough construction of these ProWedge™ systems are sure to make them best-sellers for many years to come.

Model	Driver(s)	Recommended RMS Amplifier Power*	Continuous Power Handling (Pt)	Impedance	Enclosure Type	Finish	Dimensions H x W x D
TW3 ProWedge™ - Sealed							
CS110G-TW3	One 10TW3-D4	200W-400W	400W	2Ω	Sealed	State-of-the-art CNC construction, polymer grilles, black high-grade automotive carpet	14.00 in. x 12.125 in. x 9.125 in. 356 mm x 308 mm x 232 mm
CS112G-TW3	One 12TW3-D4	200W-400W	400W	2Ω	Sealed	State-of-the-art CNC construction, polymer grilles, black high-grade automotive carpet	16.00 in. x 14.125 in. x 8.625 in. 406 mm x 359 mm x 219 mm
CS210G-TW3	Two 10TW3-D4	400W-800W	800W	Dual 2Ω	Sealed, with opposed drivers	State-of-the-art CNC construction, polymer grilles, JL Audio Built in USA embroidered logo, black high-grade automotive carpet	14.00 in. x 12.125 in. x 17.375 in. 356 mm x 308 mm x 441 mm
CS212G-TW3	Two 12TW3-D4	400W-800W	800W	Dual 2Ω	Sealed, with opposed drivers	State-of-the-art CNC construction, polymer grilles, JL Audio Built in USA embroidered logo, black high-grade automotive carpet	16.00 in. x 14.125 in. x 16.375 in. 406 mm x 359 mm x 416 mm
